USAN CALL TO ACTION - DECRY ARMENIAN ECOTERRORISM AND MINING ACTIVITIES IN OCCUPIED AZERBAIJANI TERRITORIES

Dear Friend

As you know, following the ceasefire agreement, signed by Russia, Armenia and Azerbaijan on November 9, Armenian troops are to withdraw from Kalbajar, Agdam and Lachin districts of Azerbaijan by December 1. The deadline for withdrawal from Kalbajar district initially set for November 15, was later extended for humanitarian reasons to November 25. However, many news agencies reporting from the district have published gruesome details of scorched earth policy along with mining activities, conducted by Armenian troops and paramilitary before the pullout in order to completely delay the beginning of reconstruction and return of Azerbaijani IDPs to their homes after 27 years.

Please send this letter to inform your elected officials about the illegal actions of the Armenian authorities and inaction by the Russian peacekeepers for failing to prevent eco terrorism and terrorism on the occupied territories of Azerbaijan.

Thank you!
