
AZERBAIJAN TO BUILD 'SMART CITIES' IN LIBERATED REGIONS

-

27.01.2021

Anadolu Agency (26 January 2021)

Ruslan Rehimov

Settlements recently liberated from Armenian occupation will be re-established based on the concepts of smart city and smart village, said the Azerbaijani president on Tuesday.

Ilham Aliyev made the remarks during his virtual talk with Resat Nebiyev, whom he appointed as transport, communications, and high technologies minister.

The Azerbaijani leader said modern technology be used in the reconstruction work, which will start soon, and that urban infrastructure projects will run in parallel with the de-mining.
