
AS EURASIA RISES, AMERICA DECLINES

-

07.04.2021

Asia Times (5 April 2021)

Brandon J Weichert

The combined landmass of Europe and Asia has heretofore rarely been perceived as a direct threat to the United States and other Western maritime powers, primarily because Eurasia was divided against itself.

It is true that Eurasia is home to the worlds largest population, some of the most important natural resources, large swaths of arable land, and vast amounts of potable water, but the region has historically been home to extreme sectarian rivalry and regional division.
