
NORD STREAM 2 IS GERMANY'S—AND EUROPE'S—ACHILLES' HEEL

-

11.06.2021

Carnegie Europe (8 June 2021)

Judy Dempsey

The completion of the Nord Stream 2 gas pipeline deals Russia several cards that weaken Germany, divide Europe, and blackmail Ukraine. If the EU is to engage globally, it must stop serving as Moscow's playground.

When it comes to relations with Germany, the Nord Stream 2 pipeline gives Russia almost everything it has long wanted.

It allows the Kremlin to send gas directly from Russia to Germany via the Baltic Sea.
