The owner of Russia's Wagner Group military contractor claimed that Russian troops have extended their gains in the Ukrainian stronghold of Bakhmut, on Wednesday.

Yevgeny Prigozhin, whose troops have spearheaded the fight in Bakhmut, said they have taken full control of all districts east of the Bakhmutka River that crosses the city. The city's center lies west of the river.

But it remains unclear how long the grinding fight that has exacted heavy losses might continue.
