MALAYSIA PROBING LEAK OF CLASSIFIED CHINESE NOTE OVER SOUTH CHINA SEA

- 06.09.2024

Al Jazeera (5 September 2024)

Malaysia's Ministry of Foreign Affairs has said it is investigating the leak of a classified document China sent to its embassy in Beijing in February following the publication last month of an article in a Philippine media outlet.

The ministry said police would be informed and an internal investigation was under way, in a statement released late on Wednesday.

It did not name the outlet or confirm the authenticity of the notes contents but did go into detail about Malaysia's claims in the disputed South China Sea.
