Public Radio of Armenia (25 December 2024)

Siranush Ghazanchyan

Prime Minister Nikol Pashinyan has tested positive for Covid and will not attend the summit of CIS leaders in St. Petersburg.

The Prime Minister said on Facebook he tested positive on Monday, December 23, and worked from home on December 23 and 24.

On December 25, he tested negative and will be returning to normal work routine.
