Bulgaria is relaxing the rules for issuing tourist visas for Turkish citizens. "As of July 15, Bulgaria is implementing a new procedure for issuing tourist visas to Turkish citizens," Tourism Minister Miroslav Borshosh said during a news briefing at the Council of Ministers Wednesday.

In addition to three-month and six-month visas, Bulgaria will now offer one-year, three-year, and five-year visas for individuals who have had no violations during the validity of a previous visa.

"This is a development that will significantly ease the visa regime with Türkiye, which is very-especially in tourism," said Borshosh.
