Politico (24 July 2025)

Jamie Dettmer

*After gutting two key anti-corruption agencies, Kyivs democratic backsliding has finally caught the worlds attention.*

As a democratic state, Ukraine is under assault from two sources. Its first and most obvious adversary is Moscow, which has long wanted to return the country to the days of being a Kremlin plaything, a mere Russian satellite.

But arguably theres another insidious and corrosive adversary from within □ the countrys own semi-autocratic leadership.
