*Tajikistans Minister of Transport Azim Ibrohim and Turkish Minister of Transport Abdulkadir Uraloglu had a heart-to-heart about the ins and outs of the China-Tajikistan-Uzbekistan-Turkmenistan-Iran-Türkiye-Europe transport corridor, looking to take the bull by the horns for its use and further development, Trend reports, citing the Ministry of Transport of Tajikistan.*

The convening occurred within the Awaza National Tourist Zone in Turkmenbashi, strategically aligned with the Third United Nations Conference on Landlocked Developing Countries (LLDC3), scheduled from August 5 to 8.

The ministers conducted a comprehensive assessment of the existing framework of bilateral collaboration and identified potential avenues for enhancing synergistic efforts in the domains of transport and logistics.
