
US SPIES STOKED SEPARATISM IN GREENLAND, DENMARK SAYS

- 28.08.2025

EU Observer (28 August 2025)

Andrew Rettman,

Denmark has accused US agents of trying to foment separatism in Greenland, reigniting fears over the territory's future.

Danish officials briefed Danish national broadcaster DR on Wednesday (27 August) that three US citizens linked to the administration had covertly visited the island to recruit backers for a split from Denmark and annexation by the US.

The Danish foreign minister, Lars Løkke Rasmussen, summoned the top US diplomat in Copenhagen, chargé d'affaires Mark Stroh, to issue a formal complaint.
