The Defense Post (11 December 2025)

Inder Singh Bisht

The Croatian government has signed an agreement to procure 18 Caesar MkII self-propelled howitzers from France.

The procurement contract for the 18 Caesar 155mm systems □ including associated equipment and supplementary capabilities □ is reportedly valued at around 328 million euros (\$382 million), with deliveries scheduled for 2030.

The Caesar MkII features enhanced crew protection, improved mobility, and upgraded communications over its earlier variant.
