
MERZ FLUBS HIS COMEBACK TOUR

-

12.05.2026

Politico (12 May 2026)

James ANGELOS

The chancellors attempts to revive his flagging popularity are backfiring.

As Friedrich Merzs popularity plunges to new lows □ compounding his already-weak coalitions troubles little more than a year into office □ the chancellor is traveling the country to persuade Germans that things remain on the right track.

Its not going well. Instead, Merz looks like he is only compounding his problems, often appearing out of touch and further alienating some of the very voters he can least afford to lose.
