- 23.06.2026

EU Observer (22 June 2026)

Benjamin Fox

EU leaders promised that Moldovas future is within the European Union following a summit in Brussels on Monday (22 June) as both sides vowed to accelerate talks on the country joining the bloc.

The EU-Moldova summit amounted to a review Moldovas progress in reforms on the path to European integration, particularly on the rule of law, fundamental rights, and the fight against organized crime, as well as aligning legislation with the EU acquis.

Chişinău and Kyiv both applied to become candidate countries following Russias invasion of Ukraine in 2022.
