"We strongly condemn and reject the unfounded responses published on 23 June on the website of the French National Assembly by the Ministry for Europe and Foreign Affairs concerning support for Armenians 'displaced from Nagorno-Karabakh,' 'fate and release of Armenian prisoners,' 'Armenian religious and cultural heritage,' 'human rights in the Azerbaijan-Armenia peace process,' as well as 'human rights in Azerbaijan,'" said Aykhan Hajizada, Spokesperson for the Ministry of Foreign Affairs, in response to media inquiries regarding the unfounded responses of the French Ministry for Europe and Foreign Affairs to questions raised by members of the French National Assembly.

"The responses of the French side represent yet another example of its long-standing biased approach toward the Azerbaijan-Armenia normalization process, News.Az reports, citing the Azerbaijani Foreign Ministry.
