
ARMENIA READY TO INCREASE GAS IMPORTS FROM IRAN

- 29.07.2026

The Caspian Post (29 July 2026)

Armenia is ready to increase its gas imports from Iran, with Yerevan supporting Tehrans proposal to expand the volume of Iranian gas exports.

The issue was discussed during a recent visit to Iran by Armenias Minister of Territorial Administration and Infrastructure Davit Khudatyan, The Caspian Post reports via Radio Liberty.

Khudatyan said that both sides recognize the need to expand the existing gas-for-electricity cooperation between the two countries.
