Islamuddin Sajid

Foreign ministers from the 18 member countries and territories of the Pacific Islands Forum (PIF) are gathering in Fiji this week to discuss regional priorities including peace and security, climate change and economic development ahead of an annual leaders' meeting in Palau.

The meeting of the top diplomats is scheduled to take place on Friday.

Australian Foreign Minister Penny Wong, who is attending, said in a statement that the gathering comes at a time of global uncertainty and underscored the importance of regional cooperation.
