
IRAQ SAYS UAV ATTACK NETWORK DISMANTLED, PLOT PREVENTED

-

10.08.2026

Turkiye Today (9 August 2026)

Iraq announced Sunday that a network planning to carry out attacks with unmanned aerial vehicles (UAVs) had been dismantled.

Iraqi government spokesperson Haydar al-Abbudi said in a television interview that "a network was infiltrated, dismantled and its members captured" through joint work by the Counter-Terrorism Service and National Intelligence Service.

Abbudi said some equipment belonging to the network had been seized, including UAVs.
