
MOLDOVA RECALLS AMBASSADOR TO RUSSIA AFTER DRONE-MISSILE EXPLOSION

- 11.08.2026

TRT World (10 August 2026)

Moldova has recalled its ambassador to Russia for consultations after an explosion involving what authorities described as a "drone-missile" in the southern village of Crocmaz.

The Foreign Ministry on Monday condemned the incident as a "serious violation of the sovereignty and territorial integrity" of Moldova, saying it endangered the safety of civilians.

"The Republic of Moldova condemns Russia's war of aggression against Ukraine and its consequences for the security of our country and the entire region," the ministry said.
