Sinan Mahmoud

Iran fired two drones on Monday into the Kurdistan Region of Iraq, targeting the office of Prime Minister Masrour Barzani and a senior local security official, the regions Counter-Terrorism Service said.

The two Hadid-110 explosives-laden drones were launched from the border area with Iran shortly after midnight, said the statement.

The second bomb hit the residence of the director of the Parastin intelligence agency in Pirmam district of Erbil, it added.
