Massis Post (8 September 2026)

Armenian Minister of Economy Gevorg Papoyan met with UAE Minister of Foreign Trade Thani bin Ahmed Al Zeyoudi on the sidelines of the 15th Annual Investment Meeting in Dubai.

The two officials discussed a range of issues related to expanding trade and economic cooperation between Armenia and the United Arab Emirates, as well as creating new opportunities for bilateral business ties.

Papoyan proposed organizing visits by UAE business representatives to Armenia to familiarize them with the countrys production capabilities, hold business-to-business (B2B) meetings and explore opportunities to move from trial shipments to long-term supply contracts.
