Aghakazim Guliyev

Armenias Public Television has accused Russian state media of distorting statements by European officials about the visa liberalisation process between Armenia and the EU.

Prime Minister Nikol Pashinyan previously said Armenia aimed to achieve visa liberalisation with the EU by 2029, Caliber.Az reports via Armenian media.

However, Russian state news agency RIA Novosti presented comments by European Commission representative Paula Pinho as indicating that visa-free travel with Armenia had not been confirmed.
