IRAQ AMONG 5 COUNTRIES MOST AFFECTED BY CLIMATE CHANGE: ENVIRONMENT MINISTER

-

09.11.2026

Anadolu Agency (6 November 2026)

Haydar Karaalp, Merve Berker

Iraq is entering a new phase in addressing environmental challenges, with the government placing greater emphasis on environmental policies and seeking to strengthen cooperation with Türkiye, Iraqi Environment Minister Sarwa Abdul Wahid said.

Speaking to Anadolu before the UN Climate Change Conference (COP31), scheduled for Nov. 9-20 in Antalya, Türkiye, Abdul Wahid discussed Iraq's environmental challenges, including air pollution, declining green spaces, pollution from oil and industrial activities, and bilateral environmental cooperation with Türkiye.
