TAPI PIPELINE CONSTRUCTION MAY FULFILL 2026 PLAN

- 16.11.2026

Eurasianet (13 November 2026)

Turkmenistan seems poised to make good on a pledge to complete a section of the TAPI pipeline by the end of 2026.

In early October, Myrat Archayev, deputy chair of the state-owned gas entity Turkmengaz, said in an interview that the pipeline section stretching from the Turkmen border at Serhetabat to the western Afghan hub of Herat would be finished by the end of 2026.
