Kazakhstan is considering deepening cooperation with Türkiye in the oil and gas sector, Trend reports via KazMunayGas (KMG), the national operator of Kazakhstans oil and gas sector.

The issue was discussed during a meeting between Chairman of the Management Board of KMG Askhat Khasenov, and Turkish Minister of Energy and Natural Resources, Alparslan Bayraktar.

The parties exchanged views on the prospects for collaboration in the oil and gas industry. During the discussion, it was emphasized that Türkiye holds a special place among Kazakhstans economic partners.
